

Low Cost Carrier Participation

Fully integrated in Galileo GDS

Faster, More Reliable & Hassle-Free:

- Over 4 times quicker compared to booking on low-cost carrier websites
- Real-time availability and fares information
- Instant confirmation
- Minimal training

Speedy overall booking process – service more customers in less time

Boost Productivity and Efficiency:

- Complete automated integration with back-office system
- NEW! amend and cancel functionality incorporated in booking process

Unmatched functionality! All your content in one place!

- Combine low-cost carriers and traditional airlines in a single reservation
- Add car & hotel bookings to low-cost carrier reservation

Enhance Customer Satisfaction:

- Comprehensive itinerary production

Book additional optional services such as hold baggage and priority boarding

Reduce Costs:

- Avoid installation and usage charges
- No minimum booking commitments

Eliminate costly third-party software
