

## Azerbaijan Airlines signs a full content agreement with Travelport

12 December 2014

Travelport (NYSE:TVPT), a leading Travel Commerce Platform providing distribution, technology, payment and other solutions for the \$7 trillion global travel and tourism industry, today announced it has signed a multi-year, full content agreement with Azerbaijan Airlines, Azerbaijan's national carrier. Effective immediately, the deal secures full access to all of Azerbaijan Airlines fares and inventory, including web fares, and ancillary offerings for the 67,000 Travelport-connected travel agencies worldwide.

Azerbaijan Airlines has been a long standing customer of Travelport, however, the new expanded agreement also ensures that all of the airline's content will now be available locally, for the first time to Travelport users in Azerbaijan. The agreement means that local travel agencies can now book tickets more efficiently, as part of their existing booking workflow.

Jamil Manizade, Commercial Director at Azerbaijan Airlines, said: "We are excited to sign a new full content agreement with Travelport and look forward to continuing our mutually successful relationship into the future. This agreement will help us to differentiate ourselves from our competitors by promoting our content to travel agents in the most efficient and innovative way."

Robin Ranken, Head of Airline Services Europe at Travelport, added: "Extending our agreement with Azerbaijan Airlines supports our strategy to deliver the most comprehensive content to our travel agency customers. I am confident that this deal will not only generate more bookings and ancillary sales for Azerbaijan Airlines, but also improve Travelport's position in the region."
