

Al Fanar Travel of Bahrain upgrades agreement with Travelport

31 December 2015

Travelport (NYSE:TVPT), a leading Travel Commerce Platform providing distribution, technology, payment and other solutions for the global travel and tourism industry, announces today that it has signed an upgraded multi-year agreement with Al Fanar Travel, one of the top agencies in Bahrain and also a unit of the Jawad Business Group.

This new win builds on the momentum of recent months where Travelport has successfully won over a string of new agency partners, growing its network in the Middle East. The agreement also means Travelport will process the vast majority of Al Fanar Travel's bookings.

The shift to Travelport is motivated by a positive service experience, extensiveness of content, better fare comparisons as well as value-added proprietary features such as Best Buy Plus and Rapid Reprice.

Deepak Janardanan, General Manager, Al Fanar Travel, said: "Many of our customers are high value travellers with very exacting needs. As their expert travel advisor, we need to have the breadth of choices to meet their varied needs. Travelport's matchless air and non-air content provides us with the depth, breadth and flexibility to tailor to the exact travel needs of our customers."

Rabih Saab, President and Managing Director of Africa, Middle East and South Asia, reinforces Travelport's commitment to its agency partners: "We are delighted that Al Fanar Travel has decided to join our international network of agency partners. Our commitment to outstanding customer support is evident in the fact that our team was able to seamlessly migrate the

remainder of Al Fanar Travel’s system onto our travel commerce platform without any interruptions whatsoever to its daily operations.”

About Travelport

Travelport is the technology company which makes the experience of buying and managing travel continually better. It operates a travel commerce platform providing distribution, technology, payment and other solutions for the global travel and tourism industry. The company facilitates travel commerce by connecting the world’s leading travel providers with online and offline travel buyers in a proprietary business-to-business (B2B) travel platform.

Travelport has a leading position in airline merchandising, hotel content and distribution, car rental, mobile commerce and B2B payment solutions. The company also provides IT services to airlines, such as shopping, ticketing, departure control and other solutions. With net revenue of over \$2.5 billion in 2018, Travelport is headquartered in Langley, U.K., has over 3,700 employees and is represented in approximately 180 countries and territories.
