

Travelport Embarks on Successful UAE Solutions Roadshow

9 April 2015

Travelport (NYSE: TVPT), a leading Travel Commerce Platform providing distribution, technology, payment and other solutions for the \$7 trillion global travel and tourism industry, recently held two product roadshows which attracted some of the most important travel agencies and industry colleagues from across the United Arab Emirates. The events were held in Dubai in February and March and welcomed over 100 agents from across Dubai and the Northern Emirates.

The roadshows were designed to familiarise existing and potential customers with the latest Travelport products that are redefining travel commerce, helping to streamline their businesses and grow their revenues.

Delegates spent time exploring Travelport's industry leading and award winning point of sale solution Travelport Smartpoint, discovering how it can save travel agents time and money and how Travelport's unrivalled content can be searched, sold and booked efficiently, in the same workflow, whilst providing increased opportunities for upselling.

Rabih Saab, President and Managing Director for Africa, Middle East and South Asia at Travelport commented: "Travelport's 2015 Solutions Roadshow has been a huge success. We've seen exceptional attendance from travel agency customers across Dubai and the Northern Emirates and have received extremely positive feedback on the events and in particular, our products. Travelport is leading the way with its innovative solutions that are adding real value to our customers."
